A written proposal is required for consideration. Under each section below (Parts 1-4), please respond to the question and/or provide the information requested. *Please include the proposal in this document and not as a separate item.*

Part 1: Aims

As concisely as you can, state the aims of your project. What are the specific questions you seek to answer?

Part 2: Background and Significance

Why do you want to answer this question? What is known and not known in this area of inquiry? (Please provide citations from the relevant literature.) What literature will your project engage? Is there a controversial idea you propose to address or missing information you propose to provide?

Part 3: Project Design and Methods

Describe the design of your project and explain how the methods and design of your project will answer the questions you pose. If your work requires human subjects, do you have approval from the Institutional Review Board (IRB)? If your work requires animal subjects, do you have approval from the Institutional Animal Care and Use Committee (IACUC)? If not, please explain what steps you will take to receive the required approval.

Part 4: Literature Cited

Provide a full literature review and bibliography of works cited.
