

Weinstein Grant Application

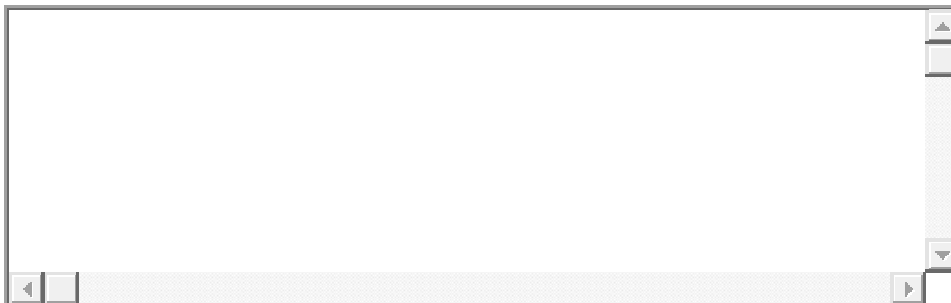

The Office of International Education offers merit-based grants for assistance toward the cost of airfare for students' summer international research or international internship experiences. These grants are intended to foster and support a wide range of innovative ideas and activities that will enrich applicants' knowledge and appreciation of other cultures, contribute to the international identity of the University of Richmond, and productively engage the community and organization where the project will be located. Grants will be awarded for international internships or for original research project proposals that preferably build on students' previous experiences and knowledge. **Students must apply and be approved for a URSF program in order to be eligible to receive a Weinstein Grant.**

UR policy prohibits travel to countries with a [Department of State travel advisory](#) level 4. Travel to countries with a level 3 travel advisory may require approval using our petition process. If a petition is required, students will be contacted by the Office of International Education; funding for projects to level 3 countries is contingent upon approval of the petition (if required). For further information, contact the [Office of International Education](#).

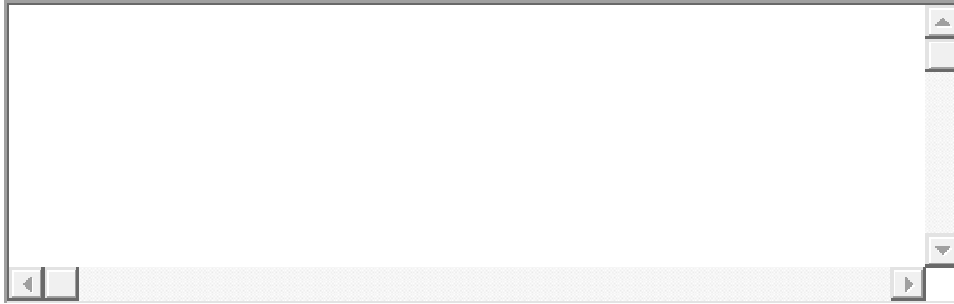

Why is this opportunity significant for your personal, academic, or professional development?

Where is your internship? Why is the location appropriate for your goals?

How would you apply the learning from your summer experience when you return to campus? What do you hope to gain from it in terms of growth?

How much do you estimate your airfare will cost?

Please provide a screenshot of economy airfare, matching this estimate, to and from your chosen destination on your likely dates of travel (upload as a PDF).
